By the way, my daughter Brittany says "Hi".

Well, actually, no, she did not.

But she is looking forward to being there for your deposition to see just how much BULLSHIT you try to say about her so she can "correct the record."

Pussy Marine and "anti-bullying advocate" hiding from the process servers. What a fucking joke you are, kid.

You are sooo fucked, dude.

McGibney,

I see you got served with your deposition subpoena by the e-filing system.

Just so you know, you are allowed to email your pro se motion to quash to the federal court at:

[prose@txed.uscourts.gov](mailto:prose@txed.uscourts.gov)

Because of the Chinese virus, people are allowed to email stuff now. Just be sure to copy the other attorneys and the court will accept it. In fact, I just spoke to the weekend clerk, Brandy Fairley, and she is expecting your email today!

Of course, both me, Jeff, Tony, and Kent all think you are full of shit and are just playing games. But that's okay. When I have your boss at Rosendin dragged into court to explain his obstruction of justice by playing games with the process servers, we'll see just how fucking funny that is, kid.

You been playing games for more than six years now. Trying to meddle in my family's lives, posting your bullshit on the internet, having people conduct physical surveillance on me and my family, lying about being a USMC trained "expert" in IT shit and tracking anonymous social media accounts.

Not to mention you trying to fight me on the courthouse steps and what you said to me (all recorded and ready to be suitably enhanced for Judge Cosby).

Hey, maybe the FBI can come to your last minute rescue, eh, kid? And lock me and Jeff up!

See ya soon, bitch!
